## II.

### OBJECTS.

The objects of this Club shall be : to foster and disseminate Democratic principles ; to secure the active participation in politics of those who have hitherto been indifferent to political duties, or who have been prevented from performing them ; to bring about the election of honest and capable men to all public offices ; and to secure the purity of elections ; but the Club shall take no part in municipal politics. Having the general and familiar principles of Democracy as its basis of belief, it shall from time to time publicly declare the specific measures to which it desires to see the Democracy pledged in coming campaigns.

## III.

### OFFICERS.

The officers of this Club shall be a President, four Vice-Presidents, a Secretary, and a Treasurer.

## IV.

## COMMITTEES.

(1.) There shall be an Executive Committee, a Committee on Finance, a Committee on Admissions, and such other Standing Committees as may from time to time be determined upon.

(2.) The Executive Committee shall be composed of nineteen members, including the President, Vice-Presidents, Secretary, and Treasurer of the Club, each of whom shall, by virtue of his office, be a member of this Committee.

Five members of the Committee shall constitute a quorum for the transaction of business.

The Executive Committee shall have general charge of the interests of the Club. It shall have full power to prescribe remedies and take such measures as it may deem best for the collection of entrance fees and dues; also, to drop from the roll the name of members failing to comply with the provisions of Article XIV. It may direct the Treasurer to make disbursements on account of the Club, but no indebtedness shall be incurred on behalf of the Association by the Executive Committee, or by any officer of the Club, exceeding the amount of money in the treasury over and above any existing obligation, at the time of incurring such liability.

(3.) The Committee on Finance and that on Admissions shall each consist of five members.

(4.) The Committee on Finance shall, at least once in each year, examine the accounts of the Treasurer, and audit all bills and accounts against the Club, and shall have general charge of its finances.

(5.) The Committee on Admissions shall examine into the qualifications of all persons nominated for membership

in the Club, and shall report to the Secretary the names of such of the nominees as may by them be deemed qualified.

(6.) No person may, at the same time, except as hereinbefore provided, hold more than one office in the Club, or be both an officer of the Club and a member of one of the Standing Committees, or be, at the same time, a member of more than one of the Standing Committees.

## V.

### ELECTIONS.

(1.) The President, Vice-Presidents, Secretary, Treasurer, Executive Committee, and the Committee on Admissions shall be elected by ballot on the third Monday in December in each year.

Each year, in September, the President shall appoint a Committee of five, to nominate candidates for these offices for the ensuing year.

This Committee shall report so that the list of candidates can be sent to each member with the notice of the November meeting.

If within two weeks thereafter the Secretary shall receive a request from twenty-five members of the Club, that any other person be made a candidate for any of the aforesaid offices, it shall then be the duty of the Secretary to prepare ballots substantially on the Australian plan, and to arrange for an election at which the polls shall be kept open not less than three hours.

A majority of the votes cast shall be necessary in each case to constitute an election. The Committee on Finance shall be appointed by the President.

(2.) Each officer and member of the Executive Committee and Committee on Admissions shall take office on

the first day of January succeeding his election, and shall hold it for one year thereafter, and until his successor is elected.

(3.) No member who is in arrears for dues shall be entitled to vote for officers, or be eligible to office.

## VI.

### PRESIDENT.

The President shall preside at all meetings of the Club. He shall call meetings of the Club, whenever requested in writing to do so by twenty members.

## VII.

### VICE-PRESIDENTS.

The Vice-Presidents shall, in the order of their seniority, discharge the duties of the President in the event of his absence, disability, or refusal to act.

## VIII.

### SECRETARY.

The Secretary shall keep the roll of the Club, shall record and preserve minutes of the proceedings of the Club, and shall discharge such other duties as may from time to time be assigned to him by the Executive Committee. He shall also have printed and sent to every member of the Club, one week prior to the February meeting in each year, a revised copy of the Constitution of the Club, also a corrected list of the officers, members of the Executive and other Standing Committees and their respective Chairmen, and a classified roll of all the members of the Club with their addresses.

## IX.

## TREASURER.

The Treasurer shall receive and disburse all moneys for and on account of the Club; shall pay such bills as are audited and approved by the Committee on Finance, and shall discharge such other duties as may from time to time be assigned to him by the Executive Committee.

## X.

## VACANCIES.

Any vacancy in the office of either President, Vice-Presidents, Secretary, or Treasurer, shall be filled for the unexpired term, by an election at a meeting of the Club, of which five days' notice, specifying the object thereof, shall be given by the Secretary. Any vacancy in the Executive Committee, or in any of the other Committees, shall be filled for the unexpired term by election by the remaining members of the Committee in which it may occur.

## XI.

## ADMISSIONS.

(1.) Any member may nominate any Democrat for admission to the Club by delivering to the Chairman of the Committee on Admissions a letter stating the name, business occupation, place of business, and residence of the candidate, and any facts as to the fitness of the candidate for admission. The nomination must be seconded, in writing, by another member. The Committee on Admissions shall then pass upon such nomination, and, if approved by a majority of the Committee, shall report the same to the Secretary.

(2.) The Secretary shall, with his notice of each meeting of the Club, send to every member all nominations reported to him as approved by the Committee on Admissions, with the names of the members proposing and seconding the candidates, and they shall be balloted upon at the meeting thus called. Fifteen or more affirmative votes shall be necessary to elect, and, if more than one-third of the votes cast shall be negative, it shall constitute a rejection. If on any ballot a candidate be neither elected nor rejected, his name shall be again sent to the members for consideration at the next meeting.

## XII.

### EXPULSIONS.

Any member who may be guilty of conduct tending to endanger the welfare, interests, or character of the Club, may be expelled from the Club at any meeting by a vote of three-fourths of the members present and voting, but such three-fourths shall be not less than one-half of the entire membership of the Club. At least ten days' notice of such meeting and of the charges against him must have first been given in writing to the accused.

## XIII.

### MEETINGS.

(1.) The annual meeting of the Club shall be held on the third Monday of December in each year.

(2.) The regular meetings of the Club shall be held on the third Monday of each month, except in June, July, and August, on the first Monday in September, and on each of the other Mondays in the six weeks preceding every

National or State election. Special meetings may be called by the Executive Committee, or, at the request in writing of twenty members of the Club, by the President.

(3.) At any such special meeting there may be transacted any and all business not required by this Constitution to be done at a regular meeting.

(4.) Fifteen members shall constitute a quorum for the transaction of business, but a less number may meet and adjourn to a day certain. No resolution authorizing the expenditure of money shall be voted on unless twenty-five members are present.

(5.) Notices of every meeting must be sent by the Secretary to each member at least three days before the time appointed for the meeting.

## XIV.

### ENTRANCE FEES AND ANNUAL DUES.

(1.) Every person elected to membership of this Club shall pay an entrance fee of two dollars to the Treasurer within one month after he shall have been notified of his election.

(2.) Each person elected to membership of this Club shall also pay to the Treasurer the sum of three dollars within one month after he shall have been notified of his election, and thereafter shall pay to the Treasurer in January of each year the sum of three dollars for annual dues.

(3.) No member elected after the fifteenth of November in any year shall be required to pay dues for that year.

(4.) It shall be the duty of the Treasurer to report at the March meeting of the Club, in each year, the names of all members who have not paid their annual dues. He shall also present a list of the members in arrears for dues,

at all elections of officers, and at all meetings where a proposed amendment to the Constitution is to be voted upon.

## XV.

### SIGNING CONSTITUTION.

No member-elect shall be put on the roll or be entitled to the privileges of membership until he has signed the Constitution. A book containing the Constitution and roll of members shall be kept by the Secretary, and produced by him at every meeting of the Club.

## XVI.

### AMENDMENTS TO THE CONSTITUTION.

Amendments to this Constitution may be made as follows: Any member may at any meeting of the Club, except during the months of July and August, propose any amendment to the Constitution by reducing his proposition to writing, reading it aloud to the meeting, with a statement of the time when it will be moved for adoption, and delivering the same to the Secretary.

The Secretary shall send to each member a copy of such proposition, with his notice of the meeting at which it is to be moved for adoption. But no proposed amendment shall be voted upon until the meeting next succeeding that at which it was introduced. If it then receives the affirmative votes of two-thirds of all members present, it shall be deemed adopted. No member who is in arrears for dues shall be entitled to vote for any amendment of this Constitution.

### IN NATIONAL AFFAIRS.

(1.) The functions of the General Government should be strictly confined to the powers conferred by the Constitution, and the centralizing tendencies of the Republican Party should be steadily opposed.

(2.) The power of federal taxation should not be used for the benefit of individual or class interests.

(3.) No more revenue should be raised than is required for the efficient and economical administration of the government, nor should public money be paid as a bounty to any special interest.

(4.) A determined stand should be made for revenue reform upon the following lines :—

The McKinley Bill should be repealed, and in its place a genuine measure of tariff reform enacted whereby all taxes upon food, fuel, fibres, and ores, and also upon the crude or partly manufactured materials necessary in the processes of our domestic industries, should be repealed. Duties upon finished commodities should not be so high as to afford our manufacturers exorbitant profits. All duties which are taken advantage of for the creation of trusts or monopolies should be abolished. All laws denying to our citizens the right to purchase foreign-built

ships, and sail them under the American flag in foreign trade, should be repealed.

(5.) All dollars coined by the United States should be of equal intrinsic value, and all paper currency issued by the government should be redeemable in either gold or silver coin, at the option of the holder.

While both gold and silver must be used as money, and while it is desirable that silver should be fully re-monetized by international agreement, free and unlimited coinage of silver by our government alone should be firmly resisted, and the dangerous silver legislation enacted by the Republican Party in 1890 should be repealed.

(6.) The civil-service laws should be maintained and their scope enlarged. The work of the civil-service commission should be properly supported, and should not be crippled by lack of adequate appropriations.

(7.) No further grants of public land should be made to railroad corporations or to others than actual settlers.

#### IN STATE AFFAIRS.

(1.) The principle of local self-government should be maintained, and the local affairs of cities and towns should not be administered from the State House.

(2.) Reasonable and constitutional legislation in the interest of manual labor should be constantly urged.

(3.) The sale of intoxicating liquors should be regulated by judicious legislation, and so taxed that adequate revenue may be obtained without creating valuable monopolies for favored individuals. General prohibitory laws should be opposed as wrong in principle, and oppressive and demoralizing in practice.

(4.) The right of the citizen to educate his children in such manner and at such schools as he sees fit should not be abridged by State interference; our public schools must be maintained on an absolutely non-sectarian basis, and should receive the earnest support of all our citizens; and no public moneys should be expended for other than public schools. Proper manual training should be made a part of our public-school system.

(5.) In order to make the members of the State Commissions and other administrative appointees responsible to the people, the Governor should be given full power to remove them from office.

(6.) Ballot reform should be heartily supported; the essential features of our present system should be maintained, and further legislation should be adopted for securing the honest conduct of caucuses, and the publication of the expenses of political committees and of candidates.
